## **Accommodations**

The Lexington offers a standard and large one-bedroom apartment as well as a two-bedroom/two-bathroom option. Each apartment has a living room, bedroom, bathroom with a full-size walk-in shower, kitchenette with mini fridge/freezer and microwave, closet and shelf storage.

## **Assistance 24/7**

Whether you want help with bathing, dressing, cleaning your apartment, laundry or finding your cable remote, we're there at the touch of a button. Our Front Desk Concierge Services are open from 7:30 a.m. to 9:00 p.m. seven days a week.

## **Socialization**

There are over 50 opportunities weekly to stay active in mind, body and spirit. Activities include live entertainment, games, crafts, religious services, happy hour, fitness, finger nail care and polish, Resident Council and pet visits.

## **Meals, Meds and Mobility**

Assisted living at The Lexington is a better way not just to live, but to thrive! Our Chef and his team provides a choice of menu items for three meals and two snacks daily. Certified Med Aides take away any worry of forgetting to take medication. They also check blood sugars and give insulin as directed by your physician. Limited mobility is no reason for anyone to miss a meal or fun activity. We'll get you there, including transportation to medical appointments.

## **How We Are Different**

At some point, you may need to add services (or care levels). The Lexington does not add charges as your care level increases. We charge one rate which includes the apartment rate, services and amenities. If there is a change in your financial situation, we can help you with the Medicaid Waiver process.
